Attachment

1. Cable repair vessel observed in this area Spring 1951
2. Vessel observed in May-June 1951 dredging sand and dumping in area 1. Subject believes sand dumped to bury cable.
3. Approximate spot cable damaged in October 1950. Subject believes cable follows north from X since he heard rumored that "tralo lentas" (weights on nets) were often caught and torn off by some underwater obstacle.
